Dear Russell,

On behalf of the children we serve, Kids Hope United would like to express our sincere appreciation for your kindness and generosity to our Holiday Giving Campaign. Your donation of 68 turkeys provided children and families a wonderful holiday that they would not have had without your help. The task of serving children and families who have found themselves in sad and unfortunate situations is a daily challenge, but your involvement during the holidays gave many new "hope."

I received heart warming feedback from many of the caseworkers, expressing the joy they experienced while they simply delivered the donations. One said, "I felt like an elf today and got a really good hug. It felt great!". Another reported that "seeing a boy so excited about getting a baseball glove or getting more than one present for the first time ever is a highlight of my job and makes the Christmas season complete for me!" Clearly, your donations impacted both staff and children. They were amazed at the level of community involvement.

*Our 112 year history of **protecting children and strengthening families** has been achieved this holiday season! We could not have accomplished this goal without you. We work hard to honor the legacy by reaching out each year to even greater numbers of children and families who need our help and support.*

We appreciate your support and confidence in our stewardship.

Sincerely,

Marcia Staggs
